ORCHARD PARK, NEW YORK

## *Foreword*

**WE** take pleasure in presenting this list of Horticultural Products. The extensive listing has been made possible only by the response of our patrons to our efforts to give them the best. The steady growth of our list of clients is eloquent proof of the value of satisfied customers.

You are very cordially invited to visit our establishment whenever you can. There is always something here of interest to flower lovers.

We have prepared an extensive perennial planting where you may see the things listed in this catalogue growing in their proper surroundings. This garden is a place of beauty from Spring until Winter.

During the colder months the greenhouses are a veritable fairyland.

Should you desire to purchase we assure you careful and courteous attention. Our prices are as reasonable as is consistent with the high quality of our products.

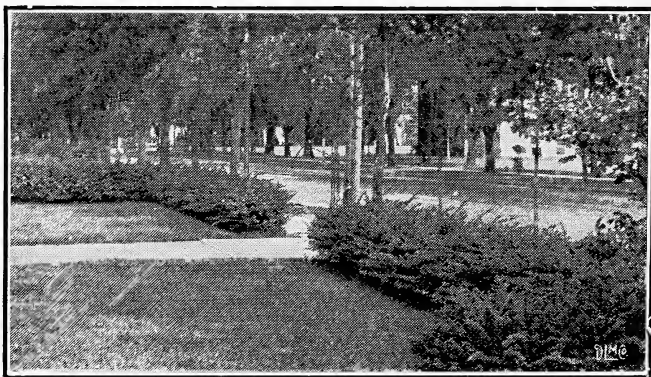

For the convenience of our patrons, our landscape department maintains a staff of capable men and we will, if desired, arrange to plant your purchases at a nominal cost.

We shall be glad to submit estimates on your individual requirements if desired.
